

New Patient Instructions

Patients recently discharged from NICU:

- 1.) Please bring with you:
 - Apnea monitor
 - Oxygen
 - Discharge Summary
 - List of current medications
 - Drivers license and insurance card
- 2.) Please request that your home care company send any apnea downloads to our office via e-mail.

Pulmonary Patients:

- 1.) Please bring with you:
 - List of current medications
 - All inhalers
 - Spacer or holding chamber (if you have one)
 - Any recent medical history pertaining to illness (i.e. X-rays, discharge summary, etc.)
 - Drivers license and insurance card
- 2.) If your child is 3 years or older, please try to avoid using any inhalers the morning of your scheduled appointment.
(Please use in cases of emergency!)

Sleep Patients:

- 1.) Please bring with you:
 - List of current medications
 - CPAP/BIPAP machine (including mask, tubes, cords, etc.)
 - Sleep Diary (if available)
 - Drivers license and insurance card
